MEMORANDUM FOR: Chief, Logistics Services Division

FROM: James H. McDonald
Acting Deputy Director for AdministrationSUBJECT: Move to Ames Building

25X1

On 18 May I called and advised him that we could satisfy all of his communications requirements at Ames Building per the attached memorandum. However, there may be one problem in that he is not sure that he can take his Laserfax equipment with him and it may have to stay at Building. In the event this happens, he has a question as to whether there is some commercial equipment available that he could utilize instead. I told him that I would ask LSD to start working closely with him on all of his requirements in order that the T-1 line could be ordered and get OC into the act as soon as possible.
